Attention Motorists!

FINE AUTOMOBILES are an integral part of our American way of life. They are a CONVENIENCE in our personal living; a NECESSITY in our business career; and SECURITY in our national defense.

Yet fine automobiles are only as fine as the service and care they receive. They must get the regular attention of skilled mechanics and service men in order to preserve their quality and give you the pleasure and confidence you rightly expect from your car.

We, the undersigned leading service stations in Downingtown and Coatesville, invite you to visit us frequently for regular check-ups and expert car servicing.
